Chris,

I would respond that we are in a Type 3 – Extended Response / Single Incident – Minimum Staffing.

This equates to a Level 2 Activation according to our R6 EOC Ops Manual.

NOTE: Our Level 2 (we have 3 levels) may equate to HQ's definition of a Level 3 or 4 (I think they have 5 levels).

Chris:

Thanks for the information. Is the R6 REOC maintaining an activation level for this incident? If you are, what level is it? Thanks again.
